Onderwerp: your message of solidarity

Dear Edith,

on behalf of all the members of our Federation Générale des Fonctionnaires Force Ouvrière, I would like to sincerely thank you for your message of solidarity. the words you used are really reflecting our fight against an unfair law on pensions introduced by a government which doesn't listen to the social partners nor to the citizens protesting by massive demonstrations held since the beginning of September.

As you may know, we will be again in the streets to-morrow, 28th October and on next week, 6th November for new demonstrations.

Again thank you for your support and all the best for you and all the members of ABVAKABO.

Fraternally yours,

p/o Anne Baltazar
